"A GOAT'S TAIL"**

FOR IMMEDIATE RELEASE

The debut feature film from award-winning writer/director **Julius Amedume** "**A Goat's Tail**"

This 2 hour dramatic edgy film noir follows the journey of one man (Kojo), whose cautionary tale circles the depths of the dark face of London. Kojo (played by newcomer **Godfred Nortey**) is a taxi driver and wannabe hustler living and working in Ghana, West Africa. His luck (or so he thinks) is in when he picks up Cynthia (**Lesley Cook**), a beautiful young British tourist. Cynthia reluctantly promises to invite Kojo to England. Four months later, Kojo arrives on Cynthia's doorstep. Filled with ambitions of fulfilling his dreams of succeeding as a poet and gaining fame and fortune, it soon begins to dawn on him that the grass might not be greener on the other side and people are never quite what they seem....

This exciting new film also guest stars **Simon James Morgan** (*Seed of Chucky*), **Jason Ramsay** (*The Fifth Element*) and **Danny John Jules** (*Lock Stock..., Blade 2, Red Dwarf*), and features the first movie role for two of the seminal voices of the UK underground garage music scene **MC Creed** and **T**.

Julius Amedume, Director said "I'm really excited and proud to see my labour of love finally make it to the big screen. It's been a long struggle with a lot of trials, tribulations and limited resources. I've been fortunate enough to have a lot of support and the opportunity to work with some the most talented people working not only in film, but spoken word and music. I think it just goes to underpin the current strength of the talent in not just Britain but Africa also. And I hope I can continue to bring a mass audience, compelling characters and interesting stories "
